Well, hello there!

I am drawing stars.

I am in need of a cup of something yummie.

Have you seen my fine balloon?

Oh, this pillow is so comfy!

I am all ready for some puddle jumping.

Now, where did I put my paper?

So, what did you want to ask me?

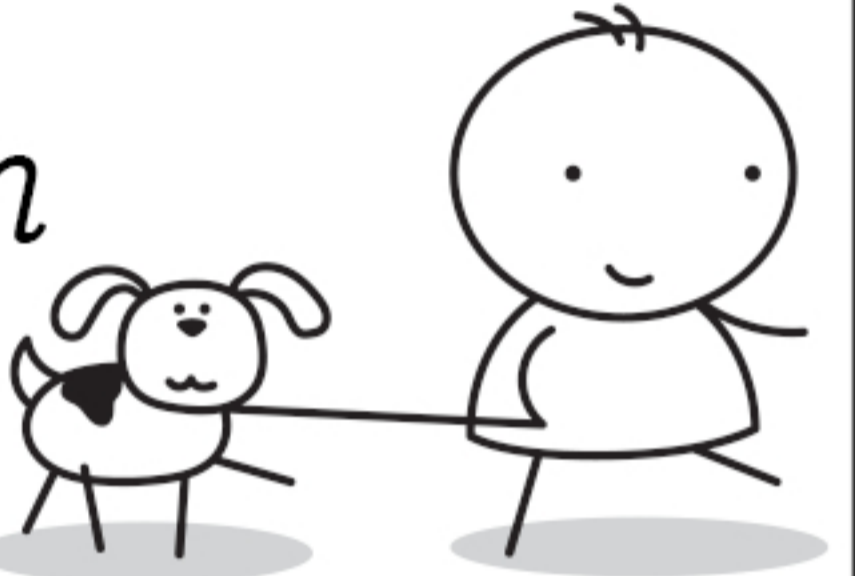

I am crying because I miss you.

This passage is so intriguing!

I shine for you in bright weather!

Taking a stroll with my favorite pet.

Saying farewell is never easy.

Ouch, that hurt and now, I am feeling dizzy!

Would you consider becoming my fiancé?

Just shout it out!

This anger is making me boiling inside!

I can see you clearly now.

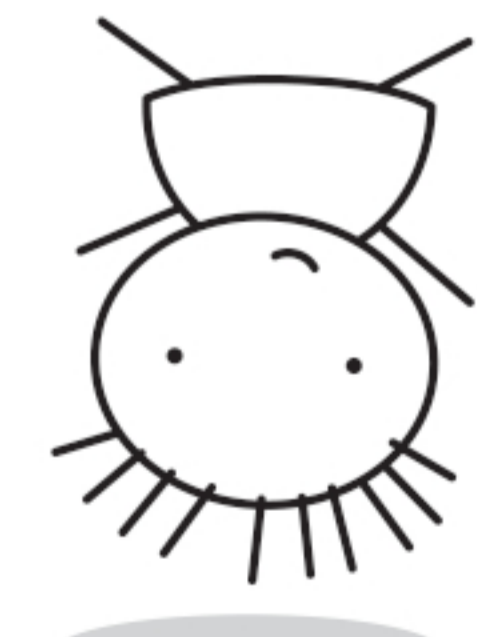

I am proudly wearing my bowtie today.

I am feeling a tad bit under the weather.

Why, oh why, won't you listen?

Just rolling around and having fun!

Rocking my baby, please fall asleep.

Dust and sweep, cleaning my house!

This one is for you!

Blowing bubbles through a hole!
